Volker Fuchs, MD, Vice-President elect

Martin Blay, MD, Treasurer / Michael Dierks, CAO

Prof. Thomas Freeman, MD, board member

Thomas Kibsgard, MD, board member

## DEAR COLLEAGUES

We kindly invite you to participate in our annual conference on sacroiliac joint surgery.

It had been scheduled for May

in Hamburg as a personal meeting. However, the CoVid19 pandemic still prevents us from public meetings, so the ICSJS 2021 will be a virtual meeting. Lectures are pre-recorded and presented live. Each lecture includes 10 minutes presentation and 5 minutes to discuss. Medical device partners may use the opportunity to present their

latest technology (max. 15 min. ea.) before, during and after the meeting.

Thanks for attending and supporting our efforts to explore the challenging topics of pain management, diagnosis, surgical and non surgical treatment of sacroiliac joint dysfunction. And of course we would like to have you on board as a dedicated SIMEG member!

Don't miss this opportunity to discuss with our well reknowned experts on sacroiliac joint dysfunction and join us online, hoping for personal meetings in the future.

E. Jeff Donner, President elect 2021

Extended Board 2021

David Polly jr., MD

Daisuke Kurosawa, MD

Vikas Patel, MD

Bengt Sturesson, MD
